

PINOT LA DOUVE

STILL WINE

TECHNICAL FICHE

This wine is an assemblage of Pinot varieties. The name La Douve comes from the Douve valley next to our vineyards, in which the river La Douve rises.

Technical fiche

GRAPE VARIETIES

Pinot Gris, Pinot Noir, Pinot Meunier

VINTAGE

2025

ALCOHOL PERCENTAGE

12%

TASTING NOTES

COLOUR:

Light yellow, bright & brilliant

ON THE NOSE:

Pure, mineral and elegant, with aromas of apricot, peach, pear and yellow flowers

ON THE PALATE:

Fresh, juicy fruit, fine acidity and nice length

FOOD PAIRING

The Pinot La Douve has a fresh structure with pleasant acidity. Due to its bâtonnage on inox, the wine has an extensive range of culinary pairings. The wine goes perfectly with salads, mussels, many fish dishes, vegetarian dishes with cheeses but at the same time with poultry dishes such as vol-au-vent. Of course, the wine can also be drunk simply as an aperitif.

PRIZES/MEDALS

VINIFICATION

- Fermentation/aging: soft pressing with a pneumatic press, fermentation 15-16°C
- Aging on fine lees in stainless steel tanks during five months, batonnage in stainless steel

VITICULTURE AND TERROIR

SOIL:

Sand-loam with Diestian sand, ironstone, flint stones and gravel. Underneath this, well-drained layers of Ledian and Paniselian sand

CLIMATE:

Cool temperate climate influenced by the North Sea

SUSTAINABLE VITICULTURE

Defoliation, green harvesting, 5 km of indigenous hedges and sowing flower seeds against natural predators, sowing grass seeds to prevent erosion, using compost

ECOLOGICAL FOOTPRINT

Minimizing the ecological footprint (Certificate Carbon Footprint by Ecolife in Leuven): solar panels, use of rainwater, wine boxes of recycled cardboard, use of light wine bottles, well-insulated buildings, reuse of chopped prunings, combination of several actions in the vineyard to minimize diesel consumption.
